PRICING GUIDE

“Artists at Heart, Professionals in Action”

ABOUT US

Clear Image is Snohomish County's premier photography and imaging company - specializing in portraiture and commercial photography, youth sports, schools, community, commercial, and event photography.

In Marysville since 1988, our large portrait studio and comfortable viewing lobby proudly exhibits our beautiful portraiture of high school seniors, families, children, newborns and expecting mothers, as well as award winning pet portraits.

Portrait Artists

Our skilled photographers offer years of experience capturing newborns, children, students, individuals, families, groups (small and large) and pets. With expert knowledge of indoor, outdoor and natural lighting techniques, flattering posing and strong artistic composition, we capture timeless moments like only true Artists and Professionals can...

Artists At Heart, Professionals In Action

We pride ourselves on having an artistic eye, but also focus on professionalism, product greatness, efficient turn around, and top-notch equipment. Having our own in-house lab and frame shop give us incredible control.

People Who Truly Care

Our motto is to truly love our customer. Love is the truest form of customer service.

A Real Portrait Studio

A rarity these days, we can still have the control and privacy of a portrait studio. Nothing beats the traditional effects of masterful studio lighting and backgrounds. We also love the look of modern outdoor portraits...we can do that too! But unlike hobby photographers, we don't rely only on natural light. We know better than that, and provide are still going to light you with our special on location lighting equipment to make you look your best.

Professional Capabilities

We are armed with a fleet of lighting and camera equipment, and armed with the latest techniques and expert know-how, we are ready for your job, big or small.

We love the best. We buy the best. We use the best. You get the best.

CUSTOM FRAMING

Personalize your home

We are a full service frame shop and are so convinced you'll love our work that we will match any written quote from any shop. We have a dedicated framing expert onsite, and are passionate about artistically displaying your art or special memory with conservation and your style in mind.

Custom Framing is just that custom. Price depends on profile, glass type, complexity, size, and mats. But a quote is free and doesn't hurt!
